Toxins

Many common products found in the home and garden may be toxic to your pet. If you are concerned your pet may have swallowed anything poisonous then please telephone us straight away for advice. The list below outlines some of the most common toxins:

- Chocolate
- Raisins / Grapes
- Xylitol- an artificial sweetener used in many "sugar free" items of food.
- Antifreeze (Ethylene Glycol)
- Slug bait (Metaldehyde)
- Rat bait
- Lillies
- Poinsettia
- Onions
- Paracetamol
- Ibuprofen
